

A CROWN OF WORDS

Task 1. Read closely and carefully the etymology of the word *royal*.

EXTRAORDINARY ETYMOLOGY

The word *royal* is used to describe a family of kings, queens, princes and princesses and anything connecting to them. The word comes from the Latin root *rex* meaning 'king.' In fact, King Charles has added an *R* to the end of his name making it Charles R. This is the signature that will appear on all official documents.

It is the same reason why Tyrannosaurus added Rex to the end of their name, to let all the other dinosaurs know that they were king.

Task 2. Design your own crown jewel and label it with some of the words below.
